

2004 Draft Statewide Transportation Improvement Program

MDT will release a draft of the 2004 Statewide Transportation Improvement Program (STIP) on July 1 and wants your comments and ideas on proposed transportation projects throughout Montana.

The STIP is a list of most major transportation projects planned for Montana for the next three federal fiscal years. These projects include Aeronautics, Railways, Highways, Public Transportation, and Federal Lands Highways.

The primary goal of the draft STIP, which is published each year at this time, is to solicit public comment on the proposed transportation program for Montana.

***This is your opportunity
to comment
on Montana's
Transportation Projects.***

Each year, MDT receives many helpful comments and innovative ideas from the public on transportation-related issues. We carefully consider and respond to these comments and strive to incorporate them into the department's policies and decision-making processes.

This year's deadline for submitting comments on the draft STIP is August 18. However, we encourage the public to comment

any time throughout the year as various transportation issues may arise.

To locate the listed projects, please refer to the map in the center of this issue of *Newsline*.

To Request a Copy of the 2004 Draft STIP:

- Check with your local library.
- Visit our Internet home page at www.mdt.state.mt.us.
- Contact Gary Larson, MDT's Project Analysis Supervisor:
